SUMMARY

Aspiring IT professional pursuing a Bachelor's degree in Information Technology at Western Governors University and holding multiple industry certifications spanning networking, security, cloud, and project management. Eager to learn and contribute technical skills in IT support, networking, or cloud infrastructure roles.

CERTIFICATIONS

CompTIA Security+
CompTIA Network+
CompTIA A+
LPI Linux Essentials

Microsoft Azure Fundamentals (AZ-900)
CompTIA Project+
ITIL Foundations

EDUCATION

Western Governors University – Bachelor of Science, Information Technology (2022 - Present)

PROJECTS

Website:

- Built a personal portfolio website using HTML and CSS and deployed it on Microsoft Azure with a Storage Account and CDN for performance and security. Registered and linked a custom domain to create a professional online presence.

Windows Active Directory:

- Configured a Windows Server 2022 VM in VirtualBox as a Domain Controller with Active Directory, DHCP, and NAT to simulate enterprise networking. Created and managed domains and user accounts to model role-based access control.

CCNA Networking Labs (in progress):

- Completing Cisco Packet Tracer labs focused on router and switch configuration, VLAN setup, subnetting, and ACLs. Preparing for the Cisco CCNA certification to strengthen networking fundamentals.

ADDITIONAL SKILLS

- Networking: TCP/IP, DNS, DHCP, Subnetting, VLANs
- Cloud: Microsoft Azure (VMs, Storage, Web Hosting)
- Systems: Windows Server 2022 (AD, DHCP, NAT), Linux CLI
- Programming & Data: Python (scripting fundamentals), SQL (queries), HTML/CSS
